ABOUT NSSS

Introduction

We Nath Sanskriti Seva Sansthan has been working for the helpless people that include Handicapped, Widows and Orphans by fulfilling their basic needs like food, shelter, clothing, medication and education. Our aim to provide substantial and meaningful assistance to the people who are facing difficulties in their life. To make the Earth green and pollution free. To live in a society without any gender discrimination. Provide 5 fundamental needs to all (Home, Food, clothes, Education and Medication). Individually we may not be able to change the world but together we may bring a considerable change. The organization undertakes the projects under the broad areas like Green environment, livelihood, healthcare, education, women empowerment and food for hungry & destitute.

Vision

Service to Humanity is Service to God

Mission

To Support the orphans, widows and disabled people to pursue their goals in life by providing quality education, skill training and health care services.

Goals

- To run an orphanage with all basic amenities. To provide quality education and safe environment for underprivileged children.
- Medical support for needy communities. Medical equipment support in government hospitals.
- Women empowerment programs & Gender equality. SHGs formation for rural development. Menstrual health & hygiene camps for women.
- Support the suffering communities in all the manner.
- One step towards Green and clean environment.

Activities

- Support orphan & poor children
- General health & hygiene awareness camp, Medical camps & Medical equipment distribution
- Plantation & Environment awareness camps
- Group marriage
- Quality education & Educational support
- Women Empowerment & SHGs
- Skill training programs for livelihood
- Relief programs for the needy communities

SDG vis-à-vis our project

- Reduce poverty and uplift the unprivileged community above the poverty line
- Improve the lifestyle of poor people and help them to become financial stable

- End hunger and make available food for all
- Free grocery kits to thousands of poor people

- Improve the treatment facilities at the hospital by equipment distribution
- Safety equipment for frontline workers during the COVID-19 pandemic
- Good health and education in the rural area
- COVID vacations for all by vacation camps

- Save orphans and children from bad activities
- Encourage and engage kids in education
- Extra classes for unprivileged children

- Project livelihood set for women empowerment in the rural areas for improving women's lifestyle and condition.
- SHGs formation
- Menstrual health and education camps with the vocational training programs for young girls and village women

- Water reservation tank and RO water for a village

- Awareness camps, Climate change theme drawing and hygiene activities at schools to educate about the climate change and general health

Convention on the rights of child vis-à-vis our project

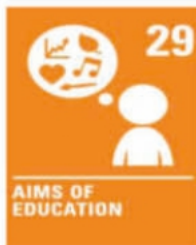

- General health and hygiene camps for students at schools
- Practice activities and awareness of clean surroundings

- Distribution of grocery kits and clothes to orphans and poor children

- Right to education for all unprivileged children in the rural area
- Motivate and register kids in schools
- Providing resources and support for their education

- To nourish the skills and increase their competence
- To develop their knowledge and interest in extra curriculum activities

- To save children from child labor, begging, trash picking and child exploitation

- To protect children from harmful drugs and aware them of the bad effect of narcotics

NO POVERTY

Support to Covid-19 affected families

The COVID-19 pandemic has led to a terrified loss of human life worldwide and presents an unprecedented challenge to public health, food systems and the world of work. The economic and social disruption caused by the pandemic is devastating: tens of millions of people are at risk of falling into extreme poverty. The after affect of the COVID-19 is unpleasant and very predicamental. Lots of people lost their friends, relatives and many more, their jobs. People were helpless and seeking for jobs to survive.

NSSS In cooperation with Hero Moto Corp Ltd. started a project. Through the project, we establish livelihood set-up for the COVID-affected families and the poor people in rural areas. Widows, and the poor people are on our priority list. We provided and set-up the resources, so they can earn and support their families. General store, Cosmetic store, Saree shop, Rajasthani traditional dress shop, Matching center, Bangle shop, Shoes shop and beauty parlor were started in different locations. We also provided the live stocks to widows. Along with livelihood set-up, the beneficiaries got ration kits for six months and their children's educational expenses also got sponsored by Hero MotoCorp Ltd.

Livelihood set-up programs In Financial Year 2021-2022	Units	Total number of beneficiaries
Grocery kits	296	135
livelihood set-up	38	38
Number of student's fee sponsor	85	85
Number of villages covered	42	50 Families

Inauguration of project - Support to Covid-19 affected families

On 23 Sept. 2021, Nath Sanskriti Seva Sansthan and Hero MotoCorp inaugurate a project for Covid affected families. NSSS team welcome the Hero MotoCorp Ltd. team (Bharatendu Kabi, Rajesh Mukhija, Virendra Singh) and Satish Puniya ji. Through this project we provide relief to Covid-19 affected families and try to give a stable and sustainable lifestyle. We invite all the beneficiaries of the project in our office. The project was started by meeting with all beneficiaries and sharing their stories. Dr. Satish Puniya ji was our chief guest. In inauguration, NSSS skill training centre trainee (SHG women) made a carpet with a logo of Hero on carpet and gifted to Hero MotoCorp team for their generous work for society. Virendra ji (CSR manager at hero) applauded a lot and encourage the SHG women. At last the programme ends with distribution of grocery kits by Hero team and Satish Puniya ji and a collective food programme for all.

FARMERS TRAINING

Organic agriculture & Agro clinics training

Agriculture plays a vital role in India's economy. **54.6%** of the population is engaged in agriculture and allied activities (census 2011) and it contributes 17.4% to the country's Gross Value Added. Green Revolution in 1966-1967 in India, brought the modern way of farming with HYV seeds, Chemical fertilizers, uses of modern agriculture machineries and many more. The country had accepted the new way of farming and magnificent growth in agriculture. Year after year huge number of farmers adapted the new way of farming but now, the untrained farmers are using the chemical fertilizers in too much quantity and it is reducing the soil health, making the water bodies toxic and many other factor which is affecting the nature health, human health. If we compared with conventional agriculture, organic farming uses fewer pesticides, reduces soil erosion, decreases nitrate leaching into groundwater and surface water, and recycles animal wastes back into the farm. These benefits are counterbalanced by higher food costs for consumers and generally lower yields.

NSSS in collaboration with Habitat for humanity organized farmer training program. In the training we make farmers aware with the benefits of organic farming and promote the organic farming. Farmers also got training on Agro clinic. We made 5 farmer clubs, 15 members in each club so they can support each other and grow faster. Total 75 farmers got training in 5 days.

In Financial Year 2021-2022

Numbers of Training classes	5
Number of farmer started organic farming	1
Number of clinic open	1

Hi-tech nursery setup

Greenhouse farming can increase crop production in the optimal climate conditions needed for plant growth and grow more plants per square foot than growing crops in an open field. Greenhouses can prevent problems such as pests as well as provide more control against other diseases. It also allows you to isolate problems. Moving diseased or infected plants away from the rest of the crops can save the crops. Being in an enclosed space prevents crops from suffering damage from extreme climate-related events such as sudden increases or drops in temperature. It can also keep crops away from birds and other animals that may harm crops.

NSSS in collaboration with Habitat for Humanity established a hi-tech nursery for a farmer in Thikhariya village. The objective of setting up a hi-tech nursery is to make aware and show the benefits of organic farming and how Hi-tech farming can produce more than regular farming.

ZERO HUNGER

Grocery kits distribution

Ending hunger is one of the greatest challenge of our time. Across the world, up to 811 million people do not have enough food. According to recent estimates, 44 million people in 38 countries are at risk of sliding into famine Sustainable Development Goal 2 aims to achieve "zero hunger". It is one of the 17 Sustainable Development Goals established by the United Nations in 2015.

In the process to achieve the "Zero Hunger" initiative, NSSS is working diligently in rural areas of Rajasthan. With the support of Hero MotoCorp, Habitat for humanity India, Akshaya patra, Amazon and some local donor, we collect grocery kits and distributed to needy families. We did surveys and targeted the needy community like Orphans, Widows, Physically Disabled people, poor people and in need people and distributed grocery kits to them. We supported by providing grocery kits to 388 families monthly. We are taking care and support the growth of more than 300+ orphans. Our primary focus is the orphans living in rural areas or the orphan asking for help on in need. We also providing training on organic farming to increase the production to achieve the SDG goal number 2.

जरूरतमंद लोगों को राशन किट वितरित

भानपुर कलां, कस्बे सहित नागल तुलसीदास एवं कोल्हाणा में नाथ संस्कृति सेवा संस्थान की ओर से गुरुवार को इस जरूरतमंद लोगों को राशन किट वितरित किए। संस्थान की सचिव सरीता योगी ने बताया कि कोरोना महामारी के चलते पिछले एक माह से लगातार जरूरतमंद लोगों को राशन वितरण का कार्य लगातार कर रही है। यह कार्य दानदाताओं, भामाशाह के सहयोग से किया जा रहा है। नाथ संस्कृति सेवा संस्थान अमेर की टीम द्वारा जरूरतमंद लोगों के घर तक राशन सामग्री पहुंचाने का कार्य किया जा रहा है।

भानपुर कलां, कस्बे में दिव्यांग को राशन किट वितरित करती हुई।

जयपुर जिला शाहपुरा 25-04-2021

भानपुर कलां में गरीब परिवारों को बाटे खाद्य सामग्री के किट

भानपुर कलां। कस्बे में शनिवार को नाथ संस्कृति सेवा संस्थान ने होरो मोटोकॉर्प व अमेर विभागीय डॉ. सतीश पुनिया के सहयोग से 10 गरीब परिवारों को घर घर जाकर निःशुल्क राशन सामग्री के किट वितरित किए। संस्था सचिव सरीता योगी ने बताया कि नाथ संस्कृति सेवा संस्थान द्वारा अनाथ, असहाय, विधवा, विकलांग एवम बुढ़जनों के लिए कार्य करती है। वैश्विक महामारी के चलते राज्य में भी लॉकडाउन जैसी स्थिति बनी हुई है। ऐसे में गरीब लोगों के सामने खाद्य सामग्री की समस्या को देखते हुए शनिवार को भानपुर कलां में जन अनुशासन पखवाड़े की फालना करते हुए 10 जरूरतमंदों परिवारों को खाद्य सामग्री के किट वितरित किये गए। किट के रूप में चावल, दाल, शूगर, धनिया, मिर्ची, हल्दी, नमक आटा व तेल आदि सामग्री दी गई। संस्था द्वारा 13 अप्रैल से अलग अलग जगह पर जरूरतमंद लोगों को किट वितरित कार्य कर रही है। अब तक 106 जरूरतमंद गरीब परिवारों को किट वितरित किए जा चुके हैं।

GOOD HEALTH

Medical Equipment's distribution

Ensuring healthy lives and promoting well-being at all ages is essential to sustainable development. Currently, the world is facing a global health crisis unlike any other COVID-19 is spreading human suffering, destabilizing the global economy and upending the lives of billions of people around the globe.

NSSS in collaboration with Habitat for humanity and Mitsubishi UFJ Financial Group support rural and urban government hospitals to provide good health care services in society for all. In process to achieve good health for all We distributed medical equipment in many hospitals. We also gave PPE kits, Safety kits N95 masks and sanitizers etc. for Covid 19 frontline fighters (Doctors and nurses). Oxygen concentrator was given in many hospital for Covid affected people and many other basic items were also given in hospitals.

Vaccination camps

The Coronavirus has infected millions of people so far all over the world. In addition to that, millions of people have lost their lives to it. Ever since the outbreak, researchers all over the world have been working constantly to develop vaccines that will work effectively against the virus. We will take a look at the Coronavirus vaccine that is present today. Vaccines have the ability to save people's lives. Developing the vaccine for Coronavirus was a huge step to end the pandemic.

NSSS in cooperation with Gram Bharti Samiti took initiative to make available the Covid-19 vaccine in rural areas. So we organized Covid-19 vaccination camps. We organized vaccination drives in the town hall of Amer and Durga Mata Mandir, Kukas. Local people got the Covid-19 vaccine nearby.

In Financial Year 2021-2022

Number of vaccination drive	2
Number of people got benefited	650

QUALITY EDUCATION

Remedial Classes

Children's education should help them fully develop their personalities, talents and abilities. It should teach them to understand their own rights, and to respect other people's rights, cultures and differences. It should help them to live peacefully and protect the environment.

In the initiative to support rural kid's education, NSSS started regular remedial classes in rural areas. The fundamental objective is to aware children about the value of education and how a well educated person is an asset for society. Then we connect children to our education center. We also rescue them from bad activities like begging, trash picking, harm, narcotics etc. Our main target was unprivileged children (orphans, widows children or poor children) living in slums, villages and in poor areas. We also registered many kids in nearby schools and provided them with stationery kits. From time to time we also followed-up with the students and tried hard to complete their needs.

Our primary target zones were countryside areas. 5 remedial classes centers are running in Paota, Kunda and Achrol.

In Financial Year 2021-2022

New registration in school	120
Stationery kits distributed	700+
Total Beneficiaries	900+

WOMEN EMPOWERMENT

Self help groups

SHG is a holistic programme of micro-enterprises covering all aspects of self-employment, organization of the rural poor into Self Help groups and their capacity building, planning of activity clusters, infrastructure build-up, technology, credit and marketing.

The very existence of SHGs is highly relevant to making the women below the poverty line hopeful and self-reliant. SHGs enable them to increase their income and improve their standard of living and status in society. It acts as a catalyst for bringing this section of society to the mainstream. Along with women, their family also support in SHGs and improve the standers of living in villages.

NSSS collaborated with Habitat for Humanity organized Organic farming training program and health precaution during pregnancy for women. Total 225 women got training. In this financial year (2021-2022) 15 SHGs formed with 15 member in each SHG. Many old SHGs is now stable and performance report is also positive.

Menstrual health & hygiene camps

Menstruation is a natural fact of life and a monthly occurrence for the 1.8 billion girls, women, transgender men and non-binary persons of reproductive age. Yet millions of menstruators across the world are denied the right to manage their monthly menstrual cycle in a dignified, healthy way.

Nath Sanskriti Seva Sansthan support adolescent girls and women to have the confidence, knowledge, and skills to manage their menstruation safely, using appropriate materials and facilities, at home and away from the household. We organize the MHH programme to aware and educate the women and girls in villages of Amer and Jamwaramgarh blocks in Jaipur. NSSS also support them by providing sanitary pads for free of cost. As part of our women empowerment programme, we also train them to make the sanitary pads themselves.

In Financial Year 2021-2022

Number of Camps organized	5
Total number of participants	800
Number of sanitary pad distributed	6,000 approx..

Water wheel distribution drive

Water is one of the essential needs of humans. We can't survive without water. Rajasthan is the most dried state with the lowest rainfall. In search of water, people covers a very long distance. Often women and girls bring water from very far for the household works. They carry plastic jerry cans or pots of water on their heads. This way of water carrying can lead them to many severe health injuries or spinal injuries.

NSSS in cooperation with Habitat for humanity and Drums Foods started the project and distribute the waterwheel on large scale. Water carrying is mainly performed by women or children. They carry water containers in traditional way on their head. Due to heavy weight 69% of women is suffering from neck and back pain and many others with severe health injury. There are two more ways to carry water from one place to other. 2) Rolling a water-filled drum and 3) Pushing a wheelbarrow weighted with filled water containers. The second way of carrying water for individual is best. So we decided to distribute waterwheels to women in village. The Water Wheel is a rolling wheel-like structure, attached with a handle to control and made from high-quality plastic that can withstand rough terrain. It is a perfect and effective solution for carrying water. It saves energy and also prevents spinal injuries or any severe injury by lifting heavyweight. The distributed water wheel container can contain 40-litre of water. Now men are also contributing to the women in arranging water.

Total Waterwheels distributed In Financial Year 2021-2022	395
Total beneficiaries	395
Location	Thikariya Village

Marriage

A girl child was sold in new Delhi market and lost her childhood in early age. From Delhi she was adopted by a family in Rajasthan for household work. After she get big enough to get married, the caretaker find a groom for girl and contact NSSS to arrange all the marriage Programme. Nath Sanskriti Seva Sansthan organized a marriage ceremony in Durga Mata Mandir, Kukas. We invite our supporter and team. We arranged all the programme and food for all and bare all the expense without charging any money from the groom and bride.

Anshu Prajapat and Shivani Prajapat are two adult girls. They do not have father and there mother is suffering from Cancer. The financial condition of the family is not good. In such condition the family is not able to arrange their marriage. So, NSSS with Robinhood Army, collaborate and arrange their marriage. We contribute all grocery items required in programme. With the support of Robinhood army we arrange gift items for the girls. We organized whole programs without charging any cost from the beneficiaries.

CLEAN WATER

Drinking water for all

Our primary needs are food, water, clothes, medication and shelter, but water is the most important need to survive. Without water, we can not even pass a day. If we have safe and clean water for drinking, We will healthy and prosper. Impure water can lead us to many diseases.

Rural areas of Jaipur district are suffering from water crises and very low rainfall. Due to low rainfall and unavailability of water bodies near by, women daily walk several kilometers or go to other villages to get water for their daily uses. Sometimes water becomes a point of conflicts in between villages and communities. Generally women arrange water for their daily activities like washing clothes & utensils, for drinking and many other activities. Women carry the pots full of water on their head from one source to their home. The heavyweight of full pots and carrying the pots on head for long time can impacts badly on their body and it may cause many spinal injuries and many severe injuries. To provide relief and improving the lifestyle of unprivileged communities we took a initiative to make available " *Drinking Water for all*".

Drinking water for all, project is for helping the villagers to get pure and clean water at their near by. We build the water tank of capacity 50,000 liters with RO purifier in Thikiriya village, Kotputli, Jaipur. (RAJ.) Along with 6,000 people, animals and birds will get clean drinking water.

CLIMATE CHANGE

Awareness camps on Environment and climate change

Human society is playing a vital role in degenerating the natural environment which is affecting badly the lives on this planet. All the human actions in this modern world directly impact our ecosystem. Many actions of us have brought big changes to this planet, resulting in many environmental problems. Increasing demands for technologies and industries are another important factor.

As we care for the needy, in the same way we also care for the environment. In the financial year 2020-2021 we planted trees in schools and explain the true value of a tree in our life. In this financial Year we organized awareness programs in schools. We selected the upcoming youth, by awareing them we can achieve the maximum output. In awareness camps and meetings with students we educate the priceless value of presented natural resources in our surrounding like Water, Soil, River, Trees, Animals, Air and many more. We also teach students how to preserve all natural resources and use it in proper way. Through some games we showed the importance of clean surroundings and a green environment. We also demonstrate, how to use water without wasting it, how to wash hand properly and importance of dustbin to keep the surrounding clean. Through the drawing, the students spread messages to plant and save trees, save environment. We focus on climate change, general health care and the environment. in Jaisalmer. We achieved our target by reached in Lakhmana, Bikhsar, Dangri and Bhainsara schools in Jaisalmer and meet thousands of students and aware them of the daily human activities impact on climate change and the real condition of our mother nature. We also distributed stationary items to students for participating in programme. Sarita Yogi (Nath Sanskriti Seva Sansthan secretary) join plantation drive in Kasturba Gandhi Residential school, Jamwaramgarh, Jaipur.

In Financial Year 2021-2022

Number of aware camps	4
Number of school visited	4

Stories of changes

Rukmani Devi, Jaipur, Rajasthan

Rukmani devi is a resident of Amer block, Jaipur. Her husband died in Corona Virus pandemic. She was left alone to take care of her 3 children at very early age. She was depressed and searching for helping hand. Through someone She contact with NSSS. We immediately help her out. First we list her in Covid-19 widow scheme. For instant relief we provide her with grocery kits continuously. After period of time we selected her to provide livelihood through the project support to Covid-19 affected families. We gave her live stock (Cow). Now she is earning 4,000 per month by selling milk. Along with livelihood, we provide grocery kits, clothes, school fee and stationery items for her children.

"I thanks Nath Sanskriti Seva Sansthan and Hero MotoCorp Ltd for helping me out in my tough conditions. Even now I am getting support from NSSS. I specially thanks Sarita Yogi (NSSS Sectary) for presented in funeral of my husband and providing me emotional support." says Rukmani Devi.

Guddai Balai, Andhai, Jaipur

I am Guddai Balai. I read in Government Senior Secondary school, Andhai in Jaipur. I read in 11th class and I passed 10th with first division. I am a bright student. I am orphan and living with my grandmother. I Thanks to Nath Sanskriti Seva Sansthan for providing me free grocery every month. I specially thank to Sarita Yogi (Secretary of NSSS) for always standing by my side when I need her. Through NSSS she help me with my education and basic needs. She provides me clothes, stationary items and many other things. She loves me and also motivate me to study and achieve my dreams. Once again thanks to Nath Sanskriti Seva Sansthan for being my helping hand and always supporting me." says Guddai Balai.

Guudi Devi, Thikariya, Jaipur

I am Guddi Devi. I live in Thikariya village, Paota block in Jaipur. I live in big family of 5 members. For their daily need of water, I walk to another village to bring water. Everyday I take 3 to 5 trips to collect sufficient water. It takes lots of energy and time. Some times my children and husband reach get late at school and work due to this time consuming work. I often feel exhausted and suffering from pain in back.

After I got waterwheel from Nath Sanskriti Seva Sansthan and Habitat for humanity. This hard work seems essay to me and fun for children. Now my husband and children also go and get water for family. I feel very relaxed and totally healthy. Now I am getting some extra time to contribute in financially in my family. Thank to Nath Sanskriti Seva Sansthan an Habitat for Humanity India.

Viraj Rana, Amer, Jaipur / Suresh rana

My name is Viraj Rana. I want to become a Soldier. I live in rana basti, Amer in Jaipur. I read in 4th class in Mother Teresa School, Kunda, Jaipur. My father is a drum player and mother is a house wife. My family condition is not good and I did not go to school. Then I came to know that Nath Sanskriti Seva Sansthan is starting a remedial classes near my basti and they enroll me in classes. After few months Sarita Yogi didi enroll me in Private school through RTE rule. Now I am regular student of remedial centre of Kunda. I am studying dedicatedly and perusing toward my dreams. I thanks to Nath Sanskriti Seva Sansthan for supporting me with my education.

Nansi Devi, (baba ramdev swayam sahayata samuh) President

Baba Ramdev Swayam Sahayata Samuh, formated by Nath Sanskriti Seva Sansthan in Kukas. The SHG is formed in 1 jan. 2016. From taking 25k loan, Now the SHG paying 5 Lack. loan in 10 months. In the beginning the women was contributing 50 rs and now women contributing 500 rs every month. The main work of SHG is to give loan and establish shops or other source of income to others.

"I specially thanks to Sarita Yogi ji (Secretary) for making the SHG. With the help of Nath Sanskriti seva sansthan, She motivate and guide us. Now we are working on next level independently.

Awards and recognitions

- Certificate of appreciation by MLA and SDM Jamwaramgarh for glorious relief work during pandemic.

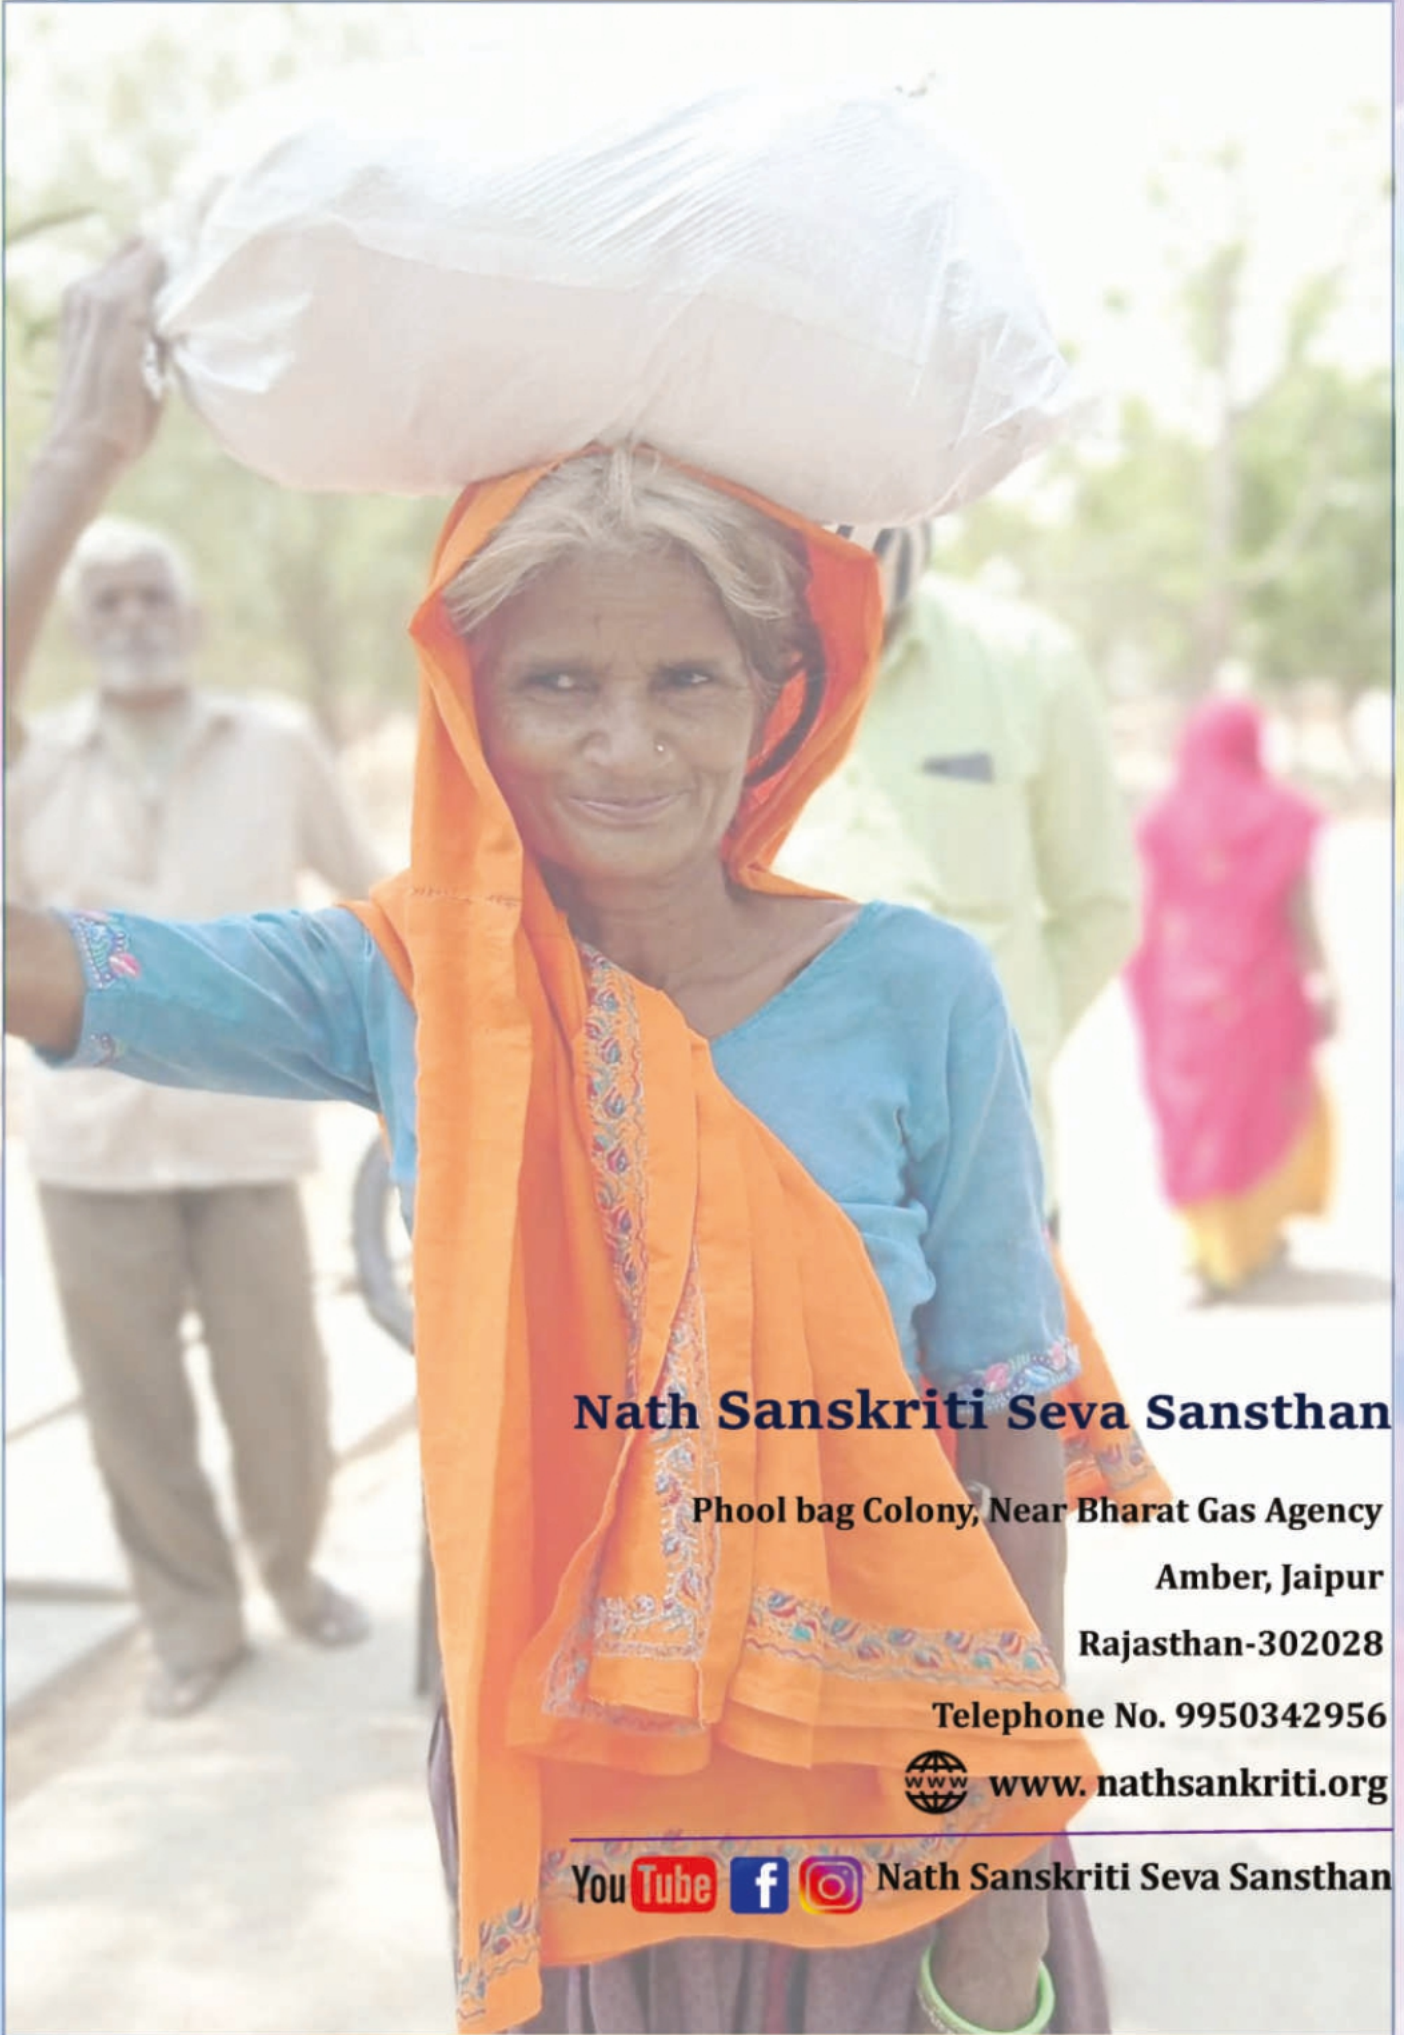

- Certificate of appreciation by SDM, CO and Magistrate, Jamwaramgarh for glorious relief work during pandemic.

Obstacles will appear in personal life, in the collective life, in social life, in all spheres of human life. Obstacles need to come and are desirable. If you struggle against obstacles, you will stand to gain and will never lose. That is why obstacles are to be considered as friends.
